Front-End Developer

Volodymyr Vlasenko

I am a motivated professional with a variety of skills with the desire and ability to study. My communication and interpersonal skills give possibility to work independently and as part of a team. I specialize in Front End development. I have written several sites, web applications and games. You can see them on my GitHub.

Projects

Duo Magic Play ....[HTML, CSS, JavaScript]

Dior ....[HTML, CSS, JavaScript]

Beauty Zone ....[HTML, SCSS, JavaScript]

Weather forecast ....[Vue, CSS, JavaScript, HTML]

Modern bakery ....[HTML, SCSS, JavaScript]

Work Experience

Front-End Developer Freelance

September 2023 - up to now

I created a website for artistic Duo with kids shows. The website is currently in use.

Created a "Memory" game for this website with three difficulty options.

I worked as an independent Front End developer in creating this website.
